Underfloor Heating Systems

Naked Preformed Plate System

UK - Myson

- Cost-effective
- Space-saving
- Easy installation
- Flexible patterns
- Firm pipe grip

Description

Naked Preformed Plate System is a fast and effective fixing solution designed for single-person installations on solid floors. Excluding the 11mm polystyrene insulation, it offers a cost-effective alternative while being more streamlined. The system features raised burls that firmly grip the MYSON FLOORTEC underfloor heating pipe, which can be easily fixed by pressing with your foot. It supports both spiral and serpentine laying patterns for 14-17mm pipework, providing flexibility and reliability for underfloor heating needs.

Area of Application

The Naked Preformed Plate System is suitable for solid floor types. It is ideal for single-person installations and areas where space is critical. It supports 14-17mm pipework and is highly flexible, allowing both spiral and serpentine laying patterns. The castellated fixing system ensures firm pipe grip.

Selection Criteria

Use our design service for precise calculations. For a quick selection, refer to our brochure.

Basic User Instructions

Ensure the Naked Preformed Plate System is placed on a solid floor type. The system does not include the 11mm polystyrene insulation that comes with the standard Preformed Plate, making it more streamlined and cost-effective. Lightly press the MYSON FLOORTEC underfloor heating pipe into the raised burls to fix it into the desired pattern. The system supports both spiral and serpentine pipe laying patterns.

Prescription text specifiers

The Naked Preformed Plate System is an efficient and economical fixing solution suitable for solid floor types. It's designed for single-person installations and ideal for areas where space is limited. The system does not include the standard 11mm polystyrene insulation, making it more streamlined. It features a castellated design with raised burls, enabling a secure grip on MYSON FLOORTEC underfloor heating pipes. The pipes, suitable for 14-17mm sizes, can be fixed into the desired pattern—either spiral or serpentine—by lightly pressing with your foot. This flexibility ensures reliable and efficient underfloor heating applications.

Warranty

For your additional peace of mind, Purmo Group gives the following Warranty against manufacturing defect. Your statutory rights are not affected by this Warranty.

Subject as provided below, Purmo Group warrants to the original purchaser at the original installation site that its products will be free from defects in materials and workmanship for the following periods:

- Hydronic Radiators: 10 years from date of purchase.*
- Fan Assisted Radiators (ULOW-E2): 2 years from date of purchase.*
- Fan Convectors: 2 years from date of purchase.
- Hydronic Underfloor Heating: 10 years for the pipe from date of purchase.
- Hydronic Underfloor Heating: 2 years on accessories, actuators, ball valves, controls, expansion vessels, fittings, low loss headers, manifolds, mixer control groups & tooling from date of purchase.
- Hydronic Underfloor Heating: 12 months on all pumps from date of purchase.
- Electric Underfloor Heating: 10 years from date of purchase (except programmer & sensor).
- Electric Radiators: 10 years from date of purchase on radiator unit*, electric controls & electronic components; 2 years from date of purchase.*
- Electric Towel Warmers: 2 years from date of purchase.*
- Hydronic Towel Warmers: 5 to 10 years from date of purchase depending on product type.*
- Myson Radiator Valves and Controls: 2 to 5 years from date of purchase, depending on range.

*Products which are exposed to prolonged extreme conditions, such as high humidity or severe cold/condensation, may be subject to deterioration. This is not a result of any manufacturing defect.

Products installed in these circumstances will be subject to a warranty period of twelve months only.

The original purchaser's remedy for breach of this Warranty is expressly limited to repair or replacement of any part or parts found to be defective under conditions of normal service and use during the above Warranty period and does not extend to Purmo Group being liable for any incidental, special or consequential damages or losses whatsoever, such as loss of use of the product, inconvenience or lost profits.

This Warranty does not cover any defect, damage or malfunction in the product which is due to: failure to comply in any respect with Purmo Group's installation, maintenance or operating instructions; faulty storage,

handling, installation or repair; mis-use; neglect; accident; abuse; or general wear and tear.

Before this warranty can be activated, the original purchaser will be required to prove, with supporting documentation, the date and place of purchase, as Purmo Group may need to conduct its investigation into

the alleged defect. This should be within 28 days of the date when the defect was discovered or ought to have reasonably discovered the defect.

Purmo Group reserves the right to make a reasonable charge for inspecting and testing any product which is subject to a Warranty claim and the rights conferred by the Warranty are conditional upon the payment of such charge. The charge may be made, at Purmo Group's discretion, either before or after the inspection and testing of the product. In the event that it is established to Purmo Group's reasonable satisfaction that a valid Warranty claim has been made in respect of the product, then any inspection charge which has been paid will be refunded in full by Purmo Group.
