Accessories (fixing)

Tacker

UK - Myson

- Fast and easy installation
- Strongest UFH clip available
- Suitable for solid floor types
- Reduces heat loss
- Flexible laying patterns

Description

Myson Floortec Tacker is a PS20 insulated fixing board for underfloor heating. Tacker fixing system is suitable for solid floor types and incorporates all the advantages of the Myson Floortec Tackernail fixing system. Tacker board is supplied with 25 or 50mm insulation with a webbing foil bonded to the surface. This foil acts as a protective layer, but also assists with the positioning of the pipework through a handy 50mm grid marked on the surface. The pipe is then positioned in place using our exclusive Myson Tackernails and Tackertool.

PLEASE NOTE: Tacker PS20 insulation should be used as a fixing method only, and may not fully comply with Building Regulations for insulation. Consult your architect or builder for further advice.

Area of Application

Tacker is suitable for solid floor types in underfloor heating systems. It effectively holds pipework in place via a 50mm grid marked on a protective foil layer, ensuring precise installation. Suitable for both new builds and retrofit projects.

Selection Criteria

Please use our design service, or for a quick selection, use our brochure or product manuals.

Basic User Instructions

Begin by laying the Tacker panels with the 50mm grid facing up. Pipework should be positioned according to the grid and secured using Myson Tackernails with the Tackertool. Note that this insulation should be used only for fixing and may not comply with all Building Regulations for insulation.

Prescription text specifiers

Myson Floortec Tacker is a PS20 insulated fixing board optimized for underfloor heating in solid floor constructions. The Tacker board, available in 25 or 50mm insulation, features a webbing foil with a 50mm grid for precise pipe positioning. Secure the pipes using Myson Tackernails and Tackertool. Note: This insulation method is for fixing purposes only and might not fully comply with Building Regulations. Consult with an architect or builder for compliance. This system supports both spiral and serpentine laying patterns, enhancing flexibility for diverse projects.

Warranty

For your additional peace of mind, Purmo Group gives the following Warranty against manufacturing defect. Your statutory rights are not affected by this Warranty.

Subject as provided below, Purmo Group warrants to the original purchaser at the original installation site that its products will be free from defects in materials and workmanship for the following periods:

- Hydronic Radiators: 10 years from date of purchase.*
- Fan Assisted Radiators (ULOW-E2): 2 years from date of purchase.*
- Fan Convectors: 2 years from date of purchase.
- Hydronic Underfloor Heating: 10 years for the pipe from date of purchase.
- Hydronic Underfloor Heating: 2 years on accessories, actuators, ball valves, controls, expansion vessels, fittings, low loss headers, manifolds, mixer control groups & tooling from date of purchase.
- Hydronic Underfloor Heating: 12 months on all pumps from date of purchase.
- Electric Underfloor Heating: 10 years from date of purchase (except programmer & sensor).
- Electric Radiators and Towel Warmers: 2 years from date of purchase.*
- Hydronic Towel Warmers: 5 to 10 years from date of purchase depending on product type.*
- Myson Radiator Valves and Controls: 2 to 5 years from date of purchase, depending on range.

*Products which are exposed to prolonged extreme conditions, such as high humidity or severe cold/condensation, may be subject to deterioration. This is not a result of any manufacturing defect. Products installed in these circumstances will be subject to a warranty period of twelve months only.

The original purchaser's remedy for breach of this Warranty is expressly limited to repair or replacement of any part or parts found to be defective under conditions of normal service and use during the above Warranty period and does not extend to Purmo Group being liable for any incidental, special or consequential damages or losses whatsoever, such as loss of use of the product, inconvenience or lost profits.

This Warranty does not cover any defect, damage or malfunction in the product which is due to: failure to comply in any respect with Purmo Group's installation, maintenance or operating instructions; faulty storage,

handling, installation or repair; mis-use; neglect; accident; abuse; or general wear and tear.

Before this warranty can be activated, the original purchaser will be required to prove, with supporting documentation, the date and place of purchase, as Purmo Group may need to conduct its investigation into

the alleged defect. This should be within 28 days of the date when the defect was discovered or ought to have reasonably discovered the defect.

Purmo Group reserves the right to make a reasonable charge for inspecting and testing any product which is subject to a Warranty claim and the rights conferred by the Warranty are conditional upon the payment of such charge. The charge may be made, at Purmo Group's discretion, either before or after the inspection and testing of the product. In the event that it is established to Purmo Group's reasonable satisfaction that a valid Warranty claim has been made in respect of the product, then any inspection charge which has been paid will be refunded in full by Purmo Group.

Specification

Feature	Unit	Value
Etim Class		EC011927 - Handheld tacker
